LANGUAGE CHALLENGE EXAMINATIONS:

February 1st and 2nd, 2025 (see schedule above)

Note: Language Challenge Examinations are administered by the Delta School District on behalf of the Coast-Metro Challenge Consortium.

Purpose

The purpose of Challenge is to permit students to obtain credit for a Grade 11 or 12 course who have already acquired the appropriate learning elsewhere. All students are entitled to request an opportunity to challenge a course for credit. Students who request the opportunity to challenge a course must be able to give strong and compelling evidence that they will succeed in the challenge and that it is in their best interests. A successful challenge results in a student receiving credit for the appropriate content as well as a school mark.

It is a strong recommendation, given the mature level of understanding required in the challenge activities, that students challenge the grade 11 course while they are in grade 10 and not before. Students would ordinarily be in grade 11 when they apply to challenge a grade 12 course, allowing them to take the course in grade 12 if they are unsuccessful with the Language Challenge.

Challenge provides students with an opportunity to demonstrate that they have satisfied the learning outcomes of a course in the graduation program and to enable them to earn credits without taking the course. It is anticipated that Challenge will be necessary and appropriate only in exceptional circumstances.

The process of Challenge is meant to be rigorous, maintaining the integrity of the curriculum and the standards of a quality education. It is intended for students of exceptional ability or for those who have had exceptional opportunities for learning through some special circumstance.

Challenge is not envisioned as a way for students to improve their course marks, nor as a replacement for the valuable experience of learning in a classroom setting

Challenge is intended to acknowledge student learning so that students do not have to participate in courses which would be repetitive for them. It also allows students to broaden their high school program by selecting additional courses or to enrich their lives in other ways, such as pursuing personal interests in the Fine Arts or Athletics.

Students should show their readiness to challenge a course by demonstrating:

- **exceptional ability related to the course;**
- **knowledge, understanding, and skills equivalent to the prescribed learning outcomes for the course.**

Limitations

For the 2024/2025 school year, the Coast-Metro Challenge Consortium is providing Language Challenge exam opportunities for courses listed on page 3.

Any Grade 11 or Grade 12 course that is currently offered in the school district may be challenged for credit. In order to be eligible to participate in the challenge process, a student should be enrolled in the school district, registered for home schooling, or enrolled in the distance education school where the challenge is requested.

The Counsellor will conduct a pre-Challenge Equivalency review (please see Challenge website) in order to ensure that the student is not better suited to proceed with Equivalency instead of Challenge.

Provincial exams are no longer required or offered for language courses.

A student may challenge a course only once. Students who have successfully completed a course may not write a challenge exam in the same subject at a later date for the purpose of improving their mark. Students who have previously failed a course may write the challenge exam at a later date provided they show evidence that the learning outcomes have since been met. Consult your school for further information.

Students who would like to improve their mark in the course that they challenged are still eligible to take the course in a classroom setting at a later date.

Due to scheduling limitations, a student may be limited to challenging only one language course in the same year. It is strongly recommended that students carefully consider the implications of Challenging more than one course in the same year.

Structure of the Challenge Process

The Challenge process has two distinct parts: registration and examination. The details of these two phases will differ from one course to another, but the general structure is as follows:

1. Registration

The registration process involves demonstration of readiness, and in some cases, an initial assessment. Applications for a Challenge examination will only be accepted at the student's school. Complete applications will be accepted at the school until **October 26th, 2024 (the school has until Nov 9th to get the applications to us)**. If your school does not accept your application please contact us directly at 604-940-5550.

Please Note:

- Only fully completed applications will be accepted. Incomplete applications will be returned to the school.
- Check with your school to see if your school has an earlier deadline for processing your application form.

2. Examination

Students will be contacted in writing (email) as to the time and place of the examination. The exam will be held at a central location and will involve students from many schools and districts. The evaluation includes a traditional paper and pencil test, as well as listening and speaking sections.

Please Note:

- Students must be available between 9:00 am and 4:00 pm on their exam day (February 1st and 2nd, 2025 – refer to exam schedule). The exam will be either in the morning or afternoon – we will let you know the time.
- Students cannot choose or change their assigned exam date.
- Refunds, withdrawals, and changes cannot be granted after December 13th, 2024.
- Enter correct email address on the application (if you do not receive a confirmation email by Dec. 15th check your Junk Folder, and please contact us by email pmanuel@deltaschools.ca or phone 604-940-5550)

Results

The results of the Challenge process will be communicated in writing to the student, and their school. The school will record the result as a part of the student's record.

Fees

For the majority of applicants (public school students and adults who are registered in the Adult Graduation Program), the examinations are provided free of charge as per Ministry of Education policy. A refundable deposit of \$50 will be charged to all public school students which will be refunded on the day of the exam (this fee will not be returned if you do not show up for the exam). Independent school students, Adult students and International Students pay \$205.00 for exam fees.

- Please make cheques payable to the **Delta School District (for credit card options, please follow the links on our webpage)**
- Please clearly print the **student's full name, school, and the course being challenged on the back of the cheque.**
- For **credit card payments** please look on our webpage.

Cancellations/Withdrawals and Changes Refund Policy

All requests for cancellation, withdrawal or change **must** be made in writing to your local school district. Cancellation/withdrawal requests received up to December 13th, 2024 will be subject to a \$25.00 administration fee. For requests after December 13th, 2024 no refunds will be issued and no changes will be made.

Note: Students must be available between 9:00 am and 4:00 pm on their exam day (February 1st and 2nd, 2025 – refer to schedule).

Repeat/Duplicate Registrations

Students can challenge a given course only once. If a student is found to have submitted a registration for a course that they have already challenged, the application will be returned and a non-refundable administrative processing fee of \$25.00 will apply.

Students who have successfully completed a Language course may not challenge it at a later date for the purpose of improving their mark. Students who have previously failed a course may write the challenge exam at a later date, provided they show solid evidence that they have worked on that course in the interim and that the learning outcomes have since been met.

Results for Language Examinations

Examination results will be mailed to students and schools in the last week of March 2025. There are no exceptions for providing the examination results earlier than this date.
